To Whom it may Concern,

I am writing this letter as a small token of my appreciation to the amazing organization Lemaan Achai. My family and I have been part of the Lemaan Achai family over the last year.

There are not enough words to describe our gratitude. They have been a life saver for us.

Unfortunately last year we went through a big financial loss due to a failed business.

Lemaan Achai helped us financially, Psychologically and physically.

We were provided with counseling, job placement opportunities, recovery advice, and food.

We would not be able to do this without them.

This organization is unique, because it doesn't let you become dependant on them. However, it helps you stand up on your feet.

Baruch Hachem, today we are both

It is still a long road to ^{full} recovery, but we don't feel alone.

The staff has been so kind and sensitive, and most of all helpful.

We even received dental help with the wonderful dentists on premises.

We are very grateful and wish
Lemaan Achai growth and prosperity
